Hi, Mark...

I was in the audience on Saturday night as well, and just wanted to add my concurrence to your review of Stop Kiss.

This production was AMAZING...by far the most amazing thing I have seen Stray Cat do. My congratulations to the cast, crew and production staff.

I'm a fan! I hope one day to get more involved with this growing, talented theater company...but until then, they have a definite fan in their audience in me!

You can post this or not, as you see fit...I will e-mail Ben separately in any case...
